

July 9, 2018

Mr. Kevin Crosby  
Elite Environmental Corporation  
360 S. Curtis Rd.  
West Allis, WI 53214

Subject: Wastewater Discharge Permit 328.03

Dear Mr. Crosby:

Wastewater Discharge Permit 328.03 is enclosed. This permit establishes various effluent limits, sampling requirements, and other conditions for the discharge of wastewater to the District's sewerage system.

The enclosed permit supersedes Permit 328.02. Modifications have been made to the sections pertaining to prohibited discharges, and ammonia has been removed from required self-monitoring, for all outfalls. All other sampling and reporting requirements remain the same.

Elite Environmental Corporation is now authorized to discharge until April 1, 2023, from its facility at 360 S. Curtis Rd., West Allis. Please notify Dave Wozniak, at 414-325-5136 or [dwozniak@mmsd.com](mailto:dwozniak@mmsd.com), prior to the commencement of wastewater discharges.

If you have any questions regarding the new permit, please contact Beth Stroik, Senior Industrial Waste Engineer, at (414) 225-2157. Thank you for your cooperation.

Sincerely,

Sharon K. Mertens  
Director, Water Quality Protection
